The international scientific conference of the young scientists in medicine

The Kursk State Medical University
The Voronezh State Medical Academy of N.N. Burdenko
Centralno-Chernozemny scientific center of
The Academy of Medical Sciences
All-Russia Public Organisation
Russian Society of Young Scientists

Международная научная конференция молодых ученых-медиков

Курский государственный медицинский университет
Воронежская государственная медицинская академия им. Н.Н. Бурденко
Центрально-Черноземный научный центр
Российской академии медицинских наук
Общероссийская общественная организация
Российский союз молодых ученых

PROGRAM

Kursk, KSMU, February 25-26, 2010

ПРОГРАММА

Курск, КГМУ, 25-26 февраля 2010 г.
ORGANIZING COMMITTEE OF THE CONFERENCE

Co-chairmen - rector of KSMU, professor V.A. Lazarenko
- rector VSMA N.N. Burdenko, professor I.E. Esaulenko

Members of the organizing committee:

1. P.V. Kalutskiy - vice-rector for scientific work and innovations of KSMU, M.D., professor;
2. A.M. Zemskov - vice-rector for research work of VSMA N.N. Burdenko, M.D., professor;
3. I.I. Bobyntsev - chairman of publishing council of KSMU, M.D., professor;
4. A.A. Glukhov - scientific supervisor of the SSS VSMA N.N. Burdenko, M.D., professor;
5. A.A. Andreev - chairman of young scientists society VSMA N.N.Burdenko, chairman of Voronezh regional department RCYS; M.D.;
6. V.A. Lipatov - chairman of young scientists society KSMU, chairman of Kursk regional department RCYS; Ph.D.;
7. V.I. Narolina - head of the department of foreign languages, Ph.D.;
8. M.E. Dolgintsev - the secretary of the Young Scientists KSMU, Ph.D.;
9. L.M. Ziborova - chief DSMI KSMU;
10. D.N. Krivoshavov - chairman of KSMU students trade-union committee;
11. H.H. Shevchenko - chairman of the SSS KSMU;
12. O.N. Bachinskij - member of the Young Scientists Council KSMU, Ph.D.;
13. A.V. Besedin - member of the Young Scientists Council KSMU, Ph.D.;
14. O.G. Goncharova - member of the Young Scientists Council KSMU;
15. A.J. Grigoryan - member of the Young Scientists Council KSMU;
16. A.A. Dedkov - member of the Young Scientists Council KSMU;
17. Davilal - member of the Young Scientists Council KSMU;
18. Y.A. Zhilyaeva- member of the Young Scientists Council KSMU;
19. O.I. Kirichenko - member of the Young Scientists Council KSMU;
20. O.Y. Lavrinova - member of the Young Scientists Council KSMU;
21. A.A. Mamaev - member of the Young Scientists Council KSMU;
22. A.I. Mayakov - member of the Young Scientists Council KSMU;
23. S.K. Medvedeva -member of the Young Scientists Council KSMU;
24. A.A. Mizyaeva– member of the Young Scientists Council KSMU;
25. E.V. Pismennaya -member of the Young Scientists Council KSMU, Ph.D;
26. D.V. Polyakov -member of the Young Scientists Council KSMU, Ph.D;
27. A.V. Salikov- member of the Young Scientists Council KSMU;
28. S.N. Svetlichnaya -member of the Young Scientists Council KSMU, Ph.D;
29. N.V. Smirnov -member of the Young Scientists Council KSMU;
30. D.S. Sumina - member of the Young Scientists Council KSMU;
31. V.I. Timoshilov - member of the Young Scientists Council KSMU;
32. V.Y. Cherdakov -member of the Young Scientists Council KSMU;
33. G.M. Chizhikov -member of the Young Scientists Council KSMU;
34. A.N. Sheluhina– member of the Young Scientists Council KSMU;
35. V.M. Gubarev – director of historical museum KSMU.
TIME AND PLACE OF THE CONFERENCE
February 25-26, 2010
Kursk State Medical University, pharmaceutical building (18,Yamskaya str, Kursk).

LANGUAGES OF THE CONFERENCE: Russian, English.

Time-limit of the reports – 5-7 minutes, multimedia presentation in format Microsoft PowerPoint.

Registration of the participants of the conference will be registered in foyer of the pharmaceutical building of Kursk state medical university (18 ,Yamskaya str,Kursk).

Conference Program Outline

25.02.2010
06.00-09.00 Transferring the guests from railway station to the hotel
08.30-09.50 Registration of participants of conference
10.00-10.50 Opening ceremony conference. The first plenary session
11.00-13.20 Scientific sections
13.30-14.20 Lunch
14.30-16.50 Scientific sections, session of a round table «Realization of innovative projects in medicine – problems of young scientists»
17.00-17.50 The second plenary session. Closing Ceremony
18.00-21.00 Supper

26.02.2010
10.00-16.00 The excursion program (museums, excursion city tour, excursion to the monastery «Korennaya Pustyn», museums m.”Svoboda”)
February 25, 2010

OPENING OF THE CONFERENCE
THE FIRST PLENARY SESSION

10.00-10.50

Assembly hall of the pharmaceutical building

Opening of the conference

The rector of the Kursk State Medical University, M.D., professor V.A. Lazarenko
The vice-rector for research of the N.N. Burdenko Voronezh State Medical Academy
M.D., professor A.M. Zemskov

Greetings from the heads of the administration of the Kursk region in sphere of public health services, education, science and youth policy

Chairman of the Young Scientists Council of the Kursk State Medical University
V.A. Lipatov, Ph.D.

Chairman of the Young Scientists Council of the N.N. Burdenko Voronezh State Medical Academy
A.A. Andreev, M.D.

Greetings from the representatives of delegations
Section 1
SURGERY
11.00-13.20
Place of assembly hall (pharmaceutical building)
Presidium: professor Alexander Ivanovich Bezhin, professor Sergey Viktorovich Ivanov

N.I.Pirogov's heritage and its influence on the development of the contemporary medical science (devoted to the 200-anniversary of N.I.Pirogov's birthday)
Yulia Yurievna Sedykh, Olga Sergeevna Kichigina
Kursk State Medical University

Use of implantant Permacol™ for plastics of defects in anterior abdominal in the experiment with rabbits
Alexander Yurievich Ogoreltsev, Dmitriy Konstantinovich Puchkov
Ryazan State Medical University. Academician I.P.Pavlov

Antirecurrent hernioplastics in postoperative ventral and inguineal hernias with the use of polypropylene implants
Konstantin Anatolievich Kondrashov
Kaluga city hospital emergency

Technical aspects of formation hardware the operative suture on the large intestine
Dmitriy Konstantinovich Puchkov, Alexander Yurievich Ogoreltsev
Ryazan state medical university of a name of academician I.P.Pavlova

Prospects of application an electrowelding suture of fabrics on the large intestine experimental research
Lydia Vladimirovna Pisetskaya
Yaroslav Mudrygo Novgorod State University

Conservative operations in cancer of a thyroid gland
Olga Valerievna Rygikh
N.N.Burdenko VSMA

Influence of heterotermy on current reparative processes in soft tissues
Alexander Evgenievna Khrenova
N.N.Burdenko VSMA

Treatment of wounds with application method of dynamic out-patient electrostimulation
Tatyana Sergeevna Vasilieva, Olga Sergeevna Strokina
N.N.Burdenko VSMA

Efficiency in the use of prolonged heterobaric drug influence in complex treatment of purulent wounds
Anastasiya Aleksandrovna Chashnikova
N.N.Burdenko VSMA
New approaches to the treatment of widespread peritonitis complicated by serious abdominal sepsis

Yury Yurievich Blinkov
Kursk State Medical University

Reparative processes in soft tissues on a background of application of the method contact atraumatic metallotherapy

Margarita Sergeevna Ovchinnikova
N.N.Burdenko VSMA

The first experience of application of autoplasm, enriched by trombocythes, for treatment of a chronic subcritical ischemia dower extremites

Angelika Yurievna Orlova
Kursk State Medical University

Results of treatment of the occlusive stenotic lesions of carotid artery

Tat'yana Stanislavovna Falaleeva
Kursk State Medical University

Section 2
STOMATOLOGY
11.00-13.20

Place room-auditorium no.4, pharmaceutical building
Presidium: Ph.D. Denis Sergeevich Tishkov,
Ph.D. Elena Viktorovna Milova,
Ph.D. Inessa Vladimirovna Koretskya

Odontoliths and sialoliths. Composition and structure peculiarities

Lyudmila Vladimirovna Belskaya
Omsk State University

Influence of smoking on the state of parodentium tissues teenagers. The role of chewing gum giving smoking in teenagers

Ekaterina Olegovna Ishekova
N.N.Burdenko VSMA

Influence of somatic diseases on development of caries in children of school age

Nadezhda Viktorovna Ilina, Larisa Vyacheslavovna Viktorova
N.N.Burdenko VSMA

Increase in efficiency of removable prosthetics

Elena Viktorovna Milova
Kursk State Medical University
Analysis of occurrence frequency and structure of clinical forms of lesion of the tunica mucous of the oral cavity in lichen rubber planus

**Dmitriy Sergeevich Silin**
MURS the Department of Internal Affairs in the Kursk region

Chronic herpetic stomatitis: clinical characteristics of the investigation group.

**Alina Eduardovna Bondareva**
Kursk State Medical University

Structure of morbidity stomatitis of various etiology: statistical study.

**Tatiyana Aleksandrovna Barkova**
Kursk State Medical University

Study of adhesive abilities of microorganisms to bases of the dental implants made from thermoplasts polymers

**Anna Vyacheslavovna Ignatenko**
Kursk State Medical University

Investigation of risk factors of oncome early children's caries in children aged 2 - 6 years

**Dmitriy Sergeevich Chichunov, Sergey Ivanovich Soldatov**
N.N.Burdenko VSMA

Parodontologyc status in children of school age in Voronezh

**Olga Aleksandrovna Lepyokhina, Andrey Valerievich Suschenko**
N.N.Burdenko VSMA

The comparative analysis of the state of parodontium, hygiene of the oral cavity, caries intensity in children with diabetes

**Lilya Nikolaevna Serdyukova**
N.N.Burdenko VSMA

Use of « Iidine-glycol of paste neo » and "Derinat" in the complex treatment of patients with chronic catarrhal gingivitis

**Tatiyana Vladimirovna Rakhova**
Kursk State Medical University

Chronic herpetic stomatitis: the clinical characteristic of the group investigation

**Alina Eduardovna Bondareva**
Kursk State Medical University

Study of chewing the efficiency in defects of dentitions of various localization

**Evgenyi Nikolaevich Aydeev**
Kursk State Medical University
Study of microflora composition of an oral cavity in use of dental implants from termpolasts polymers

Ekaterina Nikolaevna Borodina
Kursk State Medical University

Section 3

ACTUAL questions of PHARMACOLOGY and PHARMACY

11.00-13.20

Place classroom - an audience №120 humanitarian building

Presidium: professor Nikolay Grigorievich Filippenko,
professor Inna Mihailovna Razdorskaya

Systematization of administrative functions of the head in the pharmaceutical organization under conditions of the crisis

Olga Vladimirovna Artyomova
Kursk State Medical University

Prospects of use of the blue clay in pharmaceutical technology

Anna Aleksandrovna Simakina
Samara State Medical University

Study of antioxidant activity of phytoecdisteron in vitro

Alexey Vladimirovich Shulkin
Academician I.P.Pavlova Ryazan State Medical University

Immunomodulation and hepatoprotective effects of various medicinal forms "Phosphoglive" under conditions of indometacyn toxic injury of a liver.

Natalia Aleksandrovna Kedrovskaya
Kursk State Medical University

Pharmacological effects of the regulatory peptides in trauma of skin

Victor Yurievich Cherdakov
Kursk State Medical University

Definition of influence mexidol on the state of the peroxidation system in patients with psoriasis during complex therapy.

Olga Mikhailovna Sergeeva
Belgorod regional dermato-venereologic clinic

The marketing analysis of assortment of medication for specific treatment of cancer the prostate

Anton Andreevich Mamaev
Kursk State Medical University

The analysis of territorial peculiarities of pharmacotherapy of chronic obstructive pulmonary disease in out-patient stage of treatment

Evgeniya Vladlenovna Ryzhova
Kursk State Medical University

Application Bioparox for the local treatment of purulent wounds
Alexander Igorevich Shveinov, Sergey Aleksandrovich Knyazev
Kursk State Medical University

Reporative and immunotropic effects of the regulatory glycil-histidine-lizine peptide
Evgeniy Nikolaevich Kononets
Kursk State Medical University

Section 4
MICROBIOLOGY, INFECTIOUS DISEASES
14.30-16.50
Place hall no.132 of humanitarian building
Presidium: professor Valentin Vasilievich Belskyi,
professor Vladimir Yakovlevich Provotorov

Role of natural killers in pathogenesis of some viral infections
Aleksandra Veniaminovna Arhipova, Evgenya Viktorovna Kolobaeva
Kursk State Medical University

The characteristics of medicinal stability clinical strains Mycobacterium tuberculosis
Anastasiya Valarievna Nizova
Microbiology and biotechnology. Moscow region, Serpukhov district, Obolensk

Peculiarities of course of viral-bacterial pneumonias
Anton Viktorovich Kachurin
N.N. Burdenko VSMA

Peculiarities of the clinical course of virus pneumonias in A/H1N1 flu such as during the epidemic of 2009 in Zabaikaliye
Sergey Anatoliievich Lukyanov
Chita State Medical Academy

Reaction of cells to influence of an abnormal magnetic field in experiment
Alexey Sergeevich Bilyak
Kursk State Medical University

Peculiarities of action of abnormal magnetic fields on a cell
Andrey Viktorovich Besedin
Kursk State Medical University

Microflora of intestines in dysbacterioses in KMA region
Svetlana Konstantinovna Medvedeva
Kursk State Medical University
Differentiated approach to prognosing of the development of acute inflammatory diseases of the face and neck in children's age depending on the blood group of patients

Azizov Kamran Shahvar Ogly
N.N.Burdenko VSMA

Opportunities of diagnostics in rotavirus infections in children of early age

Marina Igorevna Korotkova, Natalia Vyacheslavovna Kupriyanova
Tula State University, Medical institute

Pathogenetic role of fetal inflammatory response in the development of the intra-uterine infection and the complicated course of the early neonatal period

Sergey Nikolaevich Nesterenko, Vera Alexeevna Sergeeva
Kursk State Medical University

Atopic dermatitis in children: state of the immune sphere before and after various kinds of therapy

Anna Sergeevna Saroyan
Kursk regional dermato-venereologic clinic

Application of local criotherapy with a spray "Carmolis" in complex treatment of sport injuries of soft tissues in children and teenagers at an out-patient stage

Dmitry Nikolaevich Komisarov
Clinical hospital №81, the Medical center №3
Tomsk region, Seversk

State of health of children after operations concerning ВПС

Nadezhda Sergeevna Ustinkina, Natalia Aleksandrovna Bogachyova
Tula State University, Medical institute

Toxic effects of program chemotherapy in children

Olesya Yurievna Lavrinova
Kursk State Medical University
Section 6
DERMATOVENEROLOGY
11.00-13.20
Place room №257 humanitarian building
Presidium: professor Larisa Vyacheslavovna Silina, professor Igor Ivanovich Bobyntsev

The analysis of psychological peculiarities patients with psoriasis
Roman Grigorievich Shapovalov
The medical - diagnostic center, Alekseyevka, Belgorod region

Study of disorders of system the POL - AOC in patients with artropatic psoriasis.
Maya Aleksandrovna Parfyonova
St.-Petersburg military medical academy

Epidemiological peculiarities in the state of morbidity and clinical course of atopic dermatitis in the city of Voronezh.
Elena Vladimirovna Dontsova
N.N.Burdenko VSMA

AIDS -INFECTION in practice of dermatovenerologist
Ekaterina Vasilievna Pismennaya
Kursk State Medical University

Psycho-emotional insuries in patients, suffering from various clinical forms of acne.
Anna Sergeevna Zheltysheva
N.N.Burdenko VSMA

Efficiency of glycolic ,enzyme and phytin peelings in the treatment of easy, average and severe forms of acne and postacne
Mariya Igorevna Babkova, Natalia Evgenievna Schwarz
Kursk State Medical University

Use of complex therapy with Semax in the treatment of atopic dermatitis
Irina Vladimirovna Pereverzeva
Kursk State Medical University

Expediency of the method application of the quality in evaluation standard of system "cooperation" of functions of different biological quality separate patients atic from rosacea
Olga Vladimirovna Kobtseva
Belgorod regional dermato-venereologic dispensary

Study of the neurologic status of patients of the dermatological hospital, suffering various forms of psoriasis and resieving traditional therapy
Anton Nikolaevich Tishin
Kursk State Medical University
To a question of use of complex therapy with semaks in treatment atopic dermatitis

Irina Nikolaevna Kosareva
Belgorod regional dermato-venereologic dispensary

Clinical estimation of application of galavit in the complex treatment of mixed infections in women fertile age.

Olesya Sergeevna Shabanova
Kursk State Medical university

Clinico-statistical analysis of morbidity of papillomaviral infection as mono-and mixed-forms of illness.

Angelina Aleksandrovna Zikeeva
«Polyclinic of Russia», Moscow

Estimation of transformation in quality in patients with linchen rubber planus with the help of a questionnaire skindex - 29

Irina Gennadievna Sokhina, Anton Vladimirovich Gugnin
Kursk State Medical University

Clinico-statistical peculiarities of the test group of patients, suffering a herpes

Yulia Anatolievna Rogova
Kursk State Medical University

Section 7
INTERNAL DISEASES, THE ORGANIZATION OF PUBLIC HEALTH SERVICES
14.30-16.50
Place room: assembly hall (the pharmaceutical building)
Presidium: professor Mihin Vadim Petrovich, professor Sidorov Gennady Alekseevich

Epidemiological aspects of the endocrine pathology in the Samara region.
Natalia Sergeevna Kuznetsova
Samara state medical university

The regular review and the meta-analysis - the tool of formation of the data card of medical establishment

Mikhail Yurievich Murushidi
Samara state medical university

Medico-social characteristics of students of the Samara state medical university
Alexey Andreevich Chernov, Ekaterina Vladimirovna Guryanova
Samara State Medical University
Investigation of a daily rhythm of arterial pressure in women with arterial hypertension in postmenopause at the out-patient stage.

**Ekaterina Evgenievna Matvienko**  
Voronezh regional clinical hospital № 2

Lipoperoxidation and expressiveness of atherosclerotic areas of the common carotid in elderly patients with an arterial hypertension  

**Dina Nikolaevna Ukraintseva**  
Kursk State Medical University

Predictors of the progress chronic cardiae insufficiency elderly patients with an arterial hypertension  

**Nikolai Vyacheslavovich Medvedev**  
Kursk State Medical University

Clinico-functional features of chronic cardiae insufficiency in elderly patients  

**Christina Aleksandrovna Kovaltsova**  
Krasnoyarsk State Medical University

Arterial hypertension in operation of the control unit after a labour shift of the an atomic power station  

**Irina Vitalievna Laskova**  
Kursk State Medical University

Substantiation of indications to administers inhibitors of proton pomp for prevention of stresses - damages of the stomach in patient with somatic serious illnesses  

**Mariya Valerievna Rudneva, Natalia Alekseevna Eliseeva**  
Tula State University, Medical institute

Experience in application of artificial surfactant in complex therapy of acute respiratory distress - syndrome  

**Sergey Viktorovich Ermolenko**  
Voronezh regional clinical hospital №1

Involute vasotonic endothelial dysfunction, its peculiarities  

**Svetlana Stepanovna Mauer**  
Kursk State Medical University

Influence of industrial dust on a systemic inflammation, formation and clinical course of professional chronic obstructive pulmonology disease in various age groups  

**Oleg Nikolaevich Bachinskij**  
Kursk State Medical University
Dynamics in indices of parameters of an immune inflammation in patients with a stable stenocardia against a background of a gout depending the therapy applied

**Elena Sergeevna Vavilina**  
Kursk State Medical University

Aspects of cytokine regulation in pathogenesis of the coronary atherosclerosis

**Alexander Alekseevich Levitskij**  
Vladivostok State Medical University

Change in serum concentration of TFR-β 1 and functional condition of endothelium of vessels in patients with the arterial hypertension associated with polycythemia vera, under the influence of therapy

**Yulya Mikhailovna Gulidova**  
Kursk State Medical University

Changes in parameters of the immune status, variability of cardiac rate and characteristics of the elastic properties of the vascular wall in patients with ischemic heart disease: a stable anginal of exertion II-III FK on a background of treatment with coraxan

**Alexander Vladimirovich Prasolov**  
Kursk State Medical University

Changes of the maintenance cytokines proinflammatory action in the blood in patients with rheumatoid arthritis under the influence of therapy

**Artem Vyacheslavovich Bezgin**  
Kursk State Medical University

Characteristic the cytokine status in patients with an arterial hypertension on a background of polycythemia verawith various stages and course duration

**Marina Nikolaevna Zhabina**  
Kursk State Medical University

Influence of the therapy on cytokinal status in synovial fluid in patients with psoriatic arthritis.

**Mariya Viktorovna Kalashnikova**  
Kursk State Medical University
Changing of serum transforming growth factor β1 and endotelin-1 depends of therapy.

Natal'ya Viktorovna Dymova
Kursk State Medical University

ROUND TABLE
«Realization of innovative projects in medicine – problems of young scientists»
11.00-13.20
Place – conference hall, main university building
Presidium: V.A.Lipatov, Ph.D., Andreev A.A., M.D.

Innovative infrastructure of the university – results and prospects

Alexander Alekseevich Andreev
N.N.Burdenko VSMA

Experience in realizing scientific measures of an innovative trend by Kursk regional department of the All-Russian Public Organization «Russian Society of Young Scientists »: results of "Youth Year"

Vyacheslav Aleksandrovich Lipatov
Kursk State Medical University

Work of the Council of Young Scientists and Specialists of the Federal Service on Supervision in the Sphere of Protection of the Rights of Consumers and well-being of the person

Ilina Zakariyanovna Mutafina
Rospotrebnadzor, Management of scientific supply of sanitary-and-epidemiologic well-being of the population, Moscow
III SCIENTIFIC ACTION FOR WINNERS OF THE REGIONAL COMPETITION OF THE ESSAY WITHIN THE FRAMEWORK OF THE PROJECT «SCIENCE AT SCHOOL»

11.00-13.20

Place faculty of the human anatomy
Presidium: professor, academician of the Russian Academy of Natural Sciences Vladimir Petrovich Ivanov, assistant professor Vladimir Anatoliyevich Korolev

Excursion to the anatomic museum and museum of KSMU
Presentation of the leading scientists of KSMU and students of the scientific student's societies of KSMU
Demonstration of videofilm about KSMU

14.30-16.50

Place - faculty of the human anatomy.
Representation of the best reports

The second plenary session.
Closing of the conference
17.00-17.50

Assembly hall of the pharmaceutical building

Supper
18.00-21.00

Dining room of the pharmaceutical building KSMU

February 26, 2010
THE EXCURSION PROGRAM:

10.00-10.30 Excursion to the museums of KSMU
10.30-12.00 Excursion tour of the city
12.00-13.00 Lunch (cafe of KSMU in hostel № 2)
14.00-17.00 The excursion program (museums, excursion city tour, excursion to the monastery «Korennaya Pustyn», museums m.”Svoboda”)
